PART II
HUMAN SERVICES

Sec. 201. 2001 2nd sp.s. c 7 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1)
Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose, except as expressly provided in subsection (3) of this section.

(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3){+ (a) +} The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. {+ However, after May 1, 2002, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2002 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

(b) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2002 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(c) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications. +}

(4) In the event the department receives additional unrestricted federal funds or achieves savings in excess of that anticipated in this act, the department shall use up to \$5,000,000 of such funds to initiate a pilot project providing integrated support services to

homeless individuals needing mental health services, alcohol or substance abuse treatment, medical care, or who demonstrate community safety concerns. Before such a pilot project is initiated, the department shall notify the fiscal committees of the legislature of the plans for such a pilot project including the source of funds to be used.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,237,000 of the fiscal year 2002 general fund--state appropriation, (({- \$2,288,000 - })) {+ \$2,271,000 +} of the fiscal year 2003 general fund--state appropriation, and (({- \$1,590,000 - })) {+ \$1,584,000 +} of the general fund--federal appropriation are provided solely for the category of services titled "intensive family preservation services."

(2) \$685,000 of the general fund--state fiscal year 2002 appropriation and \$701,000 of the general fund--state fiscal year 2003 appropriation are provided to contract for the operation of one pediatric interim care facility. The facility shall provide residential care for up to thirteen children through two years of age. Seventy-five percent of the children served by the facility must be in need of special care as a result of substance abuse by their mothers. The facility shall also provide on-site training to biological, adoptive, or foster parents. The facility shall provide at least three months of consultation and support to parents accepting placement of children from the facility. The facility may recruit new and current foster and adoptive parents for infants served by the facility. The department shall not require case management as a condition of the contract.

(3) \$524,000 of the general fund--state fiscal year 2002 appropriation (({- and \$536,000 - })) {+ , \$375,000 +} of the general fund--state fiscal year 2003 appropriation {+ , and \$161,000 of the general fund--federal appropriation +} are provided for up to three nonfacility-based programs for the training, consultation, support, and recruitment of biological, foster, and adoptive parents of children through age three in need of special care as a result of substance abuse by their mothers, except that each program may serve up to three

medically fragile nonsubstance-abuse-affected children. In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.

(4) \$1,260,000 of the fiscal year 2002 general fund--state appropriation, \$1,248,000 of the fiscal year 2003 general fund--state appropriation, and (({- \$4,196,000 -})) {+ \$4,150,000 +} of the violence reduction and drug enforcement account appropriation are provided solely for the family policy council and community public health and safety networks. The funding level for the family policy council and community public health and safety networks represents a 25 percent reduction below the funding level for the 1999-2001 biennium. Funding levels shall be reduced 25 percent for both the family policy council and network grants. Reductions to network grants shall be allocated so as to maintain current funding levels, to the greatest extent possible, for projects with the strongest evidence of positive outcomes and for networks with substantial compliance with contracts for network grants.

(5) \$2,215,000 of the fiscal year 2002 general fund--state appropriation, \$4,394,000 of the fiscal year 2003 general fund--state appropriation, and \$5,604,000 of the general fund--federal appropriation are provided solely for reducing the average caseload level per case-carrying social worker. Average caseload reductions are intended to increase the amount of time social workers spend in direct contact with the children, families, and foster parents involved with their open cases. The department shall use some of the funds provided in several local offices to increase staff that support case-carrying social workers in ways that will allow social workers to increase direct contact time with children, families, and foster parents. To achieve the goal of reaching an average caseload ratio of 1:24 by the end of fiscal year 2003, the department shall develop a plan for redeploying 30 FTEs to case-carrying social worker and support positions from other areas in the children and family services budget. The FTE redeployment plan shall be submitted to the fiscal committees of the legislature by December 1, 2001.

(6) \$1,000,000 of the fiscal year 2002 general fund--state appropriation and \$1,000,000 of the fiscal year 2003 general fund--state appropriation are provided solely for increasing foster parent respite care services that improve the retention of foster parents and increase the stability of foster placements. The department shall report quarterly to the appropriate committees of the legislature progress against appropriate baseline measures for foster parent retention and stability of foster placements.

(7) \$1,050,000 of the general fund--federal appropriation is provided solely for increasing kinship care placements for children who otherwise would likely be placed in foster care. These funds shall be used for extraordinary costs incurred by relatives at the time of placement, or for extraordinary costs incurred by relatives after placement if such costs would likely cause a disruption in the kinship care placement. \$50,000 of the funds provided shall be contracted to the Washington institute for public policy to conduct a study of kinship care placements. The study shall examine the prevalence and needs of families who are raising related children and shall compare services and policies of Washington state with other states that have a higher rate of kinship care placements in lieu of foster care placements. The study shall identify possible changes in services and

policies that are likely to increase appropriate kinship care placements.

(8) \$3,386,000 of the fiscal year 2002 general fund--state appropriation, (({- \$7,671,000 -})) {+ \$5,710,000 +} of the fiscal year 2003 general fund--state appropriation, and ((({- \$20,819,000 -}))) {+ \$19,819,000 +} of the general fund--federal appropriation are provided solely for increases in the cost per case for foster care and adoption support. \$16,000,000 of the general fund--federal amount shall remain unallotted until the office of financial management approves a plan submitted by the department to achieve a higher rate of federal earnings in the foster care program. That plan shall also be submitted to the fiscal committees of the legislature and shall indicate projected federal revenue compared to actual fiscal year 2001 levels. Within the amounts provided for foster care, the department shall increase the basic rate for foster care to an average of \$420 per month on July 1, 2001(({- , and to an average of \$440 per month on July 1, 2002 -}))). The department shall use the remaining funds provided in this subsection to pay for increases in the cost per case for foster care and adoption support. The department shall seek to control rate increases and reimbursement decisions for foster care and adoption support cases such that the cost per case for family foster care, group care, receiving homes, and adoption support does not exceed the amount assumed in the projected caseload expenditures plus the amounts provided in this subsection.

(9) \$1,767,000 of the general fund--state appropriation for fiscal year 2002, (({- \$2,461,000 -})) {+ \$1,767,000 +} of the general fund--state appropriation for fiscal year 2003, and (({- \$1,485,000 -})) {+ \$1,241,000 +} of the general fund--federal appropriation are provided solely for rate and capacity increases for child placing agencies. Child placing agencies shall increase their capacity by 15 percent in fiscal year 2002 (({- and 30 percent in fiscal year 2003 -})).

(10) The department shall provide secure crisis residential facilities across the state in a manner that: (a) Retains geographic provision of these services; and (b) retains beds in high use areas.

(11) \$125,000 of the general fund--state appropriation for fiscal year 2002 and \$125,000 of the general fund--state appropriation for fiscal year 2003 are provided solely for a foster parent retention program. This program is directed at foster parents caring for children who act out sexually, as described in House Bill No. 1525 (foster parent retention program).

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2002). . . \$(({- 191,089,000 -}))	{+ 194,566,000 +}
General Fund--State Appropriation (FY 2003). . . \$(({- 194,884,000 -}))	{+ 177,206,000 +}

Health Services Account--State Appropriation \$	2,450,000
TOTAL APPROPRIATION. \$(({- 731,863,000 -}))	{+ 758,195,000 +}

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Regional support networks shall use portions of the general fund--state appropriation for implementation of working agreements with the vocational rehabilitation program which will maximize the use of federal funding for vocational programs.

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and adult services program for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) \$388,000 of the general fund--state appropriation for fiscal year 2002, (({- \$1,927,000 -})) {+ \$2,829,000 +} of the general fund--state appropriation for fiscal year 2003, and (({- \$2,349,000 -})) {+ \$3,157,000 +} of the general fund--federal appropriation are provided solely for development and operation of community residential and support services for persons whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and who

are clinically ready for discharge from a state psychiatric hospital. In the event that enough patients are not transitioned or diverted from the state hospitals to close at least two hospital wards by July 2002, and (({- two -})) {+ four +} additional wards by April 2003, a proportional share of these funds shall be transferred to the appropriations in subsection (2) of this section to support continued care of the patients in the state hospitals. Primary responsibility and accountability for provision of appropriate community support for persons placed with these funds shall reside with the mental health program and the regional support networks, with partnership and active support from the alcohol and substance abuse and from the aging and adult services programs. The department shall negotiate performance-based incentive contracts (({- with those regional support networks which have the most viable plans for providing appropriate community support services for significant numbers of persons from their area who would otherwise be served in the state hospitals -})) {+ to provide appropriate community support services for individuals leaving the state hospitals under this subsection. The department shall first seek to contract with regional support networks before offering a contract to any other party +}. The funds appropriated in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

(d) At least \$1,000,000 of the federal block grant funding appropriated in this subsection shall be used for (i) initial development, training, and operation of the community support teams which will work with long-term state hospital residents prior and subsequent to their return to the community; and (ii) development of support strategies which will reduce the unnecessary and excessive use of state and local hospitals for short-term crisis stabilization services. Such strategies may include training and technical assistance to community long-term care and substance abuse providers; the development of diversion beds and stabilization support teams; examination of state hospital policies regarding admissions; and the development of new contractual standards to assure that the statutory requirement that 85 percent of short-term detentions be managed locally is being fulfilled. The department shall report to the fiscal and policy committees of the legislature on the results of these efforts by November 1, 2001, and again by November 1, 2002.

(e) The department is authorized to implement a new formula for allocating available resources among the regional support networks. The distribution formula shall use the number of persons eligible for the state medical programs funded under chapter 74.09 RCW as the measure of the requirement for the number of acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed in accordance with RCW 71.24.035(13)(a). The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to assure that total funding allocated to the regional support network in fiscal year 2002 increases by up to (({- 2.1 -})) {+ 3.5 +} percent over the amount actually paid to that regional support network in fiscal year 2001, and by up to an additional (({- 2.3 -})) {+ 5.0 +} percent in fiscal year 2003, if total funding to the regional support network would otherwise increase by less than those percentages under the new formula, and provided that the nonfederal share of the higher medicaid payment rate is provided by

the regional support network from local funds.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services are to be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) The health services account appropriation is provided solely for implementation of strategies which the department and the affected regional support networks conclude will best assure continued availability of community-based inpatient psychiatric services in all areas of the state. Such strategies may include, but are not limited to, emergency contracts for continued operation of inpatient facilities otherwise at risk of closure because of demonstrated uncompensated care; start-up grants for development of evaluation and treatment facilities; and increases in the rate paid for inpatient psychiatric services for medically indigent and/or general assistance for the unemployed patients. The funds provided in this subsection must be: (i) Prioritized for use in those areas of the state which are at greatest risk of lacking sufficient inpatient psychiatric treatment capacity, rather than being distributed on a formula basis; (ii) prioritized for use by those hospitals which do not receive low-income disproportionate share hospital payments as of the date of application for funding; and (iii) matched on a one-quarter local, three-quarters state basis by funding from the regional support network or networks in the area in which the funds are expended. Payments from the amount provided in this subsection shall not be made to any provider that has not agreed that, except for prospective rate increases, the payment shall offset, on a dollar-for-dollar basis, any liability that may be established against, or any settlement that may be agreed to by the state, regarding the rate of state reimbursement for inpatient psychiatric care. The funds provided in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the distribution formula established pursuant to RCW 71.24.035.

{+ (h) The department shall assure that no regional support network uses more than 8.0 percent of the state and federal funds received from appropriations in this subsection for regional support network administration.

(i) The department shall assure that each regional support network increases spending on direct client services in fiscal years 2002 and 2003 by at least the same percentage as the total state, federal, and local funds allocated to the regional support network in those years exceeds the amounts allocated to it in fiscal year 2001.

(j) The department shall reduce state funding otherwise payable to a regional support network in fiscal years 2002 and 2003 by the full amount by which the regional support network's reserves and fund balances as of December 31, 2001, exceed the required risk reserve for that regional support network. The required reserve amount shall be calculated by applying the risk reserve percentage specified in the department's contract with the regional support network to the total state and federal revenues for which the regional support network would otherwise be eligible in accordance with this subsection. As used in this subsection, "reserves" does not include capital project reserves established in accordance with state accounting and reporting standards before January 1, 2002.

(k) The department shall cooperate with the department of community, trade, and economic development to develop a proposal to create a structurally and functionally independent mental health ombudsman program. The proposal shall include recommendations about the statutory and administrative changes needed to establish a structurally and functionally independent ombudsman system. The departments shall report to the appropriate policy and fiscal committees of the legislature by November 1, 2002. +}

	{+ 895,796,000 +}

The appropriations in this subsection are subject to the following conditions and limitations:

(a) {+ The legislature finds that comprehensive reform of the developmental disabilities program is required. Recent audits and litigation indicate a need to improve the quality of program data, strengthen program and fiscal management, and clarify the criteria and determination of eligibility for services. Additional resources are also needed to expand access to community services. The appropriations in this section are intended to address the most urgent needs while strengthening program and fiscal accountability. The department shall provide monthly progress reports to the appropriate committees of the legislature on actions taken in three areas: The implementation of expanded services, the development and implementation of a new home and community based medicaid waiver, and improvements in program and fiscal management.

(b) \$10,050,000 of the fiscal year 2003 general fund--state appropriation and \$3,550,000 of the general fund--federal appropriation are provided solely for expanded access to community services. A total of \$7,800,000 is provided for additional residential services for persons on the home and community based waiver. A total of \$3,600,000 is provided for family support and high school transition. A total of

\$2,700,000 is provided between this subsection and subsection (3) of this section for staffing and other costs to improve oversight of quality of care, program management, and fiscal management. New funding for family support and high school transition along with a portion of existing funding for these programs shall be provided as supplemental security income (SSI) state supplemental payments. The legislature finds that providing cash assistance to individuals and families needing these supports promotes self-determination and independence. It is the intent of the legislature that the department shall comply with federal requirements to maintain aggregate funding for SSI state supplemental payments while promoting self-determination and independence for persons with developmental disabilities in families with taxable incomes at or below 150 percent of median family income. Individuals receiving family support or high school transition payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments. These amounts and the specified expansion of community services are intended to be the fiscal component of the negotiated settlement in the pending litigation on developmental disabilities services, ARC v. Quasim.

(c) +} The health services account appropriation and (({- \$753,000 -})) {+ \$904,000 +} of the general fund--federal appropriation are provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more. Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan. Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits.

(({- (b) -})) {+ (d) +} \$902,000 of the general fund--state appropriation for fiscal year 2002, \$3,372,000 of the general fund--state appropriation for fiscal year 2003, and \$4,056,000 of the general fund--federal appropriation are provided solely for community services for residents of residential habilitation centers (RHCs) who are able to be adequately cared for in community settings and who choose to live in those community settings. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$280. If the number and timing of residents choosing to move into community settings is not sufficient to achieve the RHC cottage consolidation plan assumed in the appropriations in subsection (2) of this section, the department shall transfer sufficient appropriations from this subsection to subsection (2) of this section to cover the added costs incurred in the RHCs. The department shall report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of residents moving into community settings and the actual expenditures for all community services to support those residents.

(({- (c) \$1,440,000 -})) {+ (e) \$1,153,000 +} of the general fund--state appropriation for fiscal year 2002, (({- \$3,041,000 -})) {+ \$3,054,000 +} of the general fund--state appropriation for fiscal year 2003, and (({- \$4,311,000 -})) {+ \$4,031,000 +} of the general fund--federal appropriation are provided solely for expanded community services for persons with developmental disabilities who also have community protection issues or are diverted or discharged from state psychiatric hospitals. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$275. The department shall report to the appropriate

committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(({- (d) \$1,005,000 of the general fund--state appropriation for fiscal year 2002, \$2,262,000 of the general fund--state appropriation for fiscal year 2003, and \$2,588,000 of the general fund--federal appropriation are provided solely for increasing case/resource management resources to improve oversight and quality of care for persons enrolled in the medicaid home and community services waiver for persons with developmental disabilities. -})) {+ (f) +} The department shall not increase total enrollment in home and community based waivers for persons with developmental disabilities except for ({- increases -})) {+ changes +} assumed in additional funding provided in subsections (b) ({- and (c) -})) {+ , (d), and (e) +} of this section. Prior to submitting to the health care financing authority any additional home and community based waiver request for persons with developmental disabilities, the department shall submit a summary of the waiver request to the appropriate committees of the legislature. (3) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall be no more than \$128.79 for fiscal year 2002, and no more than (({- \$134.45 -})) {+ \$132.58 +} for fiscal year 2003. For all facilities, the therapy care, support services, and operations component rates established in accordance with chapter 74.46 RCW shall be adjusted for economic trends and conditions by 2.1 percent effective July 1, 2001, and by an additional (({- 2.3 -})) {+ 1.5 +} percent effective July 1, 2002. For case-mix facilities, direct care component rates established in accordance with chapter 74.46 RCW shall also be adjusted for economic trends and conditions by 2.1 percent effective July 1, 2001, and by an additional 2.3 percent effective July 1, 2002. Additionally, to facilitate the transition to a fully case-mix based direct care payment system, the median price per case-mix unit for each of the applicable direct care peer groups shall be increased on a one-time basis by 2.64 percent effective July 1, 2002.

(4) In accordance with Substitute House Bill No. 2242 (nursing home rates), the department shall issue certificates of capital authorization which result in up to \$10 million of increased asset value completed and ready for occupancy in fiscal year 2003; in up to \$27 million of increased asset value completed and ready for occupancy in fiscal year 2004; and in up to \$27 million of increased asset value completed and ready for occupancy in fiscal year 2005.

(6) Within funds appropriated in this section and in section 204 of this act, the aging and adult services program shall coordinate with and actively support the efforts of the mental health program and of the regional support networks to provide stable community living arrangements for persons with dementia and traumatic brain injuries who have been long-term residents of the state psychiatric hospitals. The aging and adult services program shall report to the health care and fiscal committees of the legislature by November 1, 2001, and by November 1, 2002, on the actions it has taken to achieve this objective.

(7) Within funds appropriated in this section and in section 204 of this act, the aging and adult services program shall devise and implement strategies in partnership with the mental health program and the regional support networks to reduce the use of state and local psychiatric hospitals for the short-term stabilization of persons with dementia and traumatic brain injuries. Such strategies may include training and technical assistance to help long-term care providers avoid and manage behaviors which might otherwise result in psychiatric hospitalizations; monitoring long-term care facilities to assure residents are receiving appropriate mental health care and are not being inappropriately medicated or hospitalized; the development of diversion beds and stabilization support teams; and the establishment of systems to track the use of psychiatric hospitals by long-term care providers. The aging and adult services program shall report to the health care and fiscal committees of the legislature by November 1, 2001, and by November 1, 2002, on the actions it has taken to achieve this objective.

expenditures.

(c) The department shall identify the number of medically needy nursing home residents, and enrollment and expenditures on (({- each of -})) the (({- two -})) medically needy waiver((- s -))), on monthly management reports.

(d) The department shall track and report to health care and fiscal committees of the legislature by November 15, 2002, on the types of long-term care support a sample of waiver participants were receiving prior to their enrollment in the waiver, how those services were being paid for, and an assessment of their adequacy.

(9) \$50,000 of the general fund--state appropriation for fiscal year 2002 and \$50,000 of the general fund--state appropriation for fiscal year 2003 are provided solely for payments to any nursing facility licensed under chapter 18.51 RCW which meets all of the following criteria: (a) The nursing home entered into an arm's length agreement for a facility lease prior to January 1, 1980; (b) the lessee purchased the leased nursing home after January 1, 1980; and (c) the lessor defaulted on its loan or mortgage for the assets of the home after January 1, 1991, and prior to January 1, 1992. (11) From funds appropriated in this section, the department shall increase compensation for individual and for agency home care providers. Payments to individual home care providers are to be increased from \$7.18 per hour to \$7.68 per hour on July 1, 2001{+ , and to \$7.93 per hour on October 1, 2002 +}. Payments to agency providers are to be increased to \$13.30 per hour on July 1, 2001, and to \$13.44 per hour on July 1, 2002{+ , and to \$13.72 on October 1, 2002 +}. All but 18 cents per hour of the July 1, 2001, increase to agency providers{+ , and all but 3 cents per hour of the October 1, 2002, increase, +} is to be used to increase wages for direct care workers. In consultation with the statewide associations representing such agencies, the department shall establish a mechanism for testing the extent to which funds have been used for this purpose, and report the results to the fiscal committees of the legislature by February 1, 2002. The amounts in this subsection also include the

funds needed for the employer share of unemployment and social security taxes on the amount of the wage increase.

The appropriations in this section are subject to the following conditions and limitations:

(1) (({- \$282,081,000 - })) {+ \$281,035,000 +} of the general fund--state appropriation for fiscal year 2002, (({- \$278,277,000 - })) {+ \$277,231,000 +} of the general fund--state appropriation for fiscal year 2003, \$1,254,197,000 of the general fund--federal appropriation, and (({- \$29,352,000 - })) {+ \$31,444,000 +} of the general fund--local appropriation are provided solely for the WorkFirst program and child support operations. WorkFirst expenditures include TANF grants, diversion services, subsidized child care, employment and training, other WorkFirst related services, allocated field services operating costs, and allocated economic services program administrative costs. Within the amounts provided in this subsection, the department shall:

(a) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. Valid outcome measures of job retention and wage progression shall be developed and reported quarterly to appropriate fiscal and policy committees of the legislature for families who leave assistance, measured after 12 months, 24 months, and 36 months. An increased attention to job retention and wage progression is necessary to emphasize the legislature's goal that the WorkFirst program succeed in helping recipients gain long-term economic independence and not

cycle on and off public assistance. The wage progression measure shall report the median percentage increase in quarterly earnings and hourly wage after 12 months, 24 months, and 36 months. The wage progression report shall also report the percent with earnings above one hundred percent and two hundred percent of the federal poverty level. The report shall compare former WorkFirst participants with similar workers who did not participate in WorkFirst. The department shall also report the percentage of families who have returned to temporary assistance for needy families after 12 months, 24 months, and 36 months.

These materials must explain, among other facts, that the benefits are designed to support their employment, that there are no time limits on the receipt of work support benefits, and that immigration or residency status will not be affected by the receipt of benefits. These materials shall be posted in all community service offices and distributed to families. Materials must be available in multiple languages. When a family leaves the temporary assistance for needy families program, receives cash diversion assistance, or withdraws a temporary assistance for needy families application, the department of social and health services shall educate them about the difference between cash assistance and work support benefits and offer them the opportunity to begin or to continue receiving work support benefits, so long as they are eligible. The department shall provide this information through in-person interviews, over the telephone, and/or through the mail. Work support benefits include food stamps, medicaid for all family members, medicaid or state children's health insurance program for children, and child care assistance. The department shall report annually to the legislature the number of families who have had exit interviews, been reached successfully by phone, and been sent mail. The report shall also include the percentage of families who elect to continue each of the benefits and the percentage found ineligible by each substantive reason code. A substantive reason code shall not be "other." The report shall identify barriers to informing families about work support benefits and describe existing and future actions to overcome such barriers.

(c) From the amounts provided in this subsection, provide \$50,000 from the general fund--state appropriation for fiscal year 2002 and \$50,000 from the general fund--state appropriation for fiscal year 2003 to the Washington institute for public policy for continuation of the WorkFirst evaluation database.

(d) Submit a report by December 1, 2001, to the fiscal committees of the legislature containing a spending plan for the WorkFirst program. The plan shall identify how spending levels in the 2001-2003 biennium will be adjusted by June 30, 2003, to be sustainable within available federal grant levels and the carryforward level of state funds.

{+ (e) Reduce funding contracted to the department of employment security in order to maintain funding for drug and alcohol treatment services designed to help TANF parents enter the job market and keep their jobs.

(f) Provide \$878,000 of the general fund--federal appropriation for the comprehensive alcohol and drug treatment project.

(g) Allocate no more than \$5,800,000 of the general fund--federal appropriation for job search and job placement services operated by the department of employment security.

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall increase its efforts to restrain the growth of health care costs. The appropriations in this section anticipate that the department implements a combination of cost containment and utilization strategies sufficient to reduce general fund--state costs by approximately 3 percent below the level projected for the 2001-03 biennium in the March 2001 forecast. The department shall report to the fiscal committees of the legislature by October 1, 2001, on its specific plans and semiannual targets for accomplishing these savings. The department shall report again to the fiscal committees by March 1, 2002, and by September 1, 2002, on actual performance relative to the semiannual targets. If satisfactory progress is not being made to achieve the targeted savings, the reports shall include recommendations for additional or alternative measures to control costs.

(2) The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

(3) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(4) \$502,000 of the health services account appropriation, \$400,000 of the general fund--private/local appropriation, and \$1,676,000 of the general fund--federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1058 (breast and cervical cancer treatment). If the bill is not enacted by June 30, 2001, or if private funding is not contributed equivalent to the general fund--private/local appropriation, the funds appropriated in this subsection shall lapse.

(5) \$620,000 of the health services account appropriation for fiscal year 2002, \$1,380,000 of the health services account appropriation for fiscal year 2003, and \$2,000,000 of the general fund--federal appropriation are provided solely for implementation of a "ticket to work" medicaid buy-in program for working persons with disabilities, operated in accordance with the following conditions:

(a) To be eligible, a working person with a disability must have total income which is less than 450 percent of poverty;

(b) Participants shall participate in the cost of the program by paying (i) a monthly enrollment fee equal to fifty percent of any unearned income in excess of the medicaid medically needy standard; and (ii) a monthly premium equal to 5 percent of all unearned income, plus 5 percent of all earned income after disregarding the first sixty-five dollars of monthly earnings, and half the remainder;

(c) The department shall establish more restrictive eligibility standards than specified in this subsection to the extent necessary to operate the program within appropriated funds;

(d) The department may require point-of-service copayments as appropriate, except that copayments shall not be so high as to discourage appropriate service utilization, particularly of prescription drugs needed for the treatment of psychiatric conditions; and

(e) The department shall establish systems for tracking and reporting enrollment and expenditures in this program, and the prior medical assistance eligibility status of new program enrollees. The department shall additionally survey the prior and current employment status and approximate hours worked of program enrollees, and report the results to the fiscal and health care committees of the legislature by January 15, 2003.

(6) From funds appropriated in this section, the department shall design, implement, and evaluate pilot projects to assist individuals with at least three different diseases to improve their health, while reducing total medical expenditures. The projects shall involve (a) identifying persons who are seriously or chronically ill due to a combination of medical, social, and functional problems; and (b) working with the individuals and their care providers to improve adherence to state-of-the-art treatment regimens. The department shall report to the health care and the fiscal committees of the legislature by January 1, 2002, on the particular disease states, intervention protocols, and delivery mechanisms it proposes to test.

(7) Sufficient funds are appropriated in this section for the department to continue full-scope dental coverage, vision coverage, and podiatry services for medicaid-eligible adults.

(8) The legislature reaffirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(9) \$80,000 of the general fund--state appropriation for fiscal year 2002, \$80,000 of the general fund--state appropriation for fiscal year 2003, and \$160,000 of the general fund--federal appropriation are provided solely for the newborn referral program to provide access and outreach to reduce infant mortality.

(10) \$30,000 of the general fund--state appropriation for fiscal year 2002, \$31,000 of the general fund--state appropriation for fiscal year 2003, and \$62,000 of the general fund--federal appropriation are provided solely for implementation of Substitute Senate Bill No. 6020 (dental sealants). If Substitute Senate Bill No. 6020 is not enacted by June 30, 2001, the amounts provided in this subsection shall lapse.

(11) In accordance with RCW 74.46.625, (({- \$376,318,000 -})) {+ \$523,600,000 +} of the health services account appropriation (({- for fiscal year 2002, \$144,896,000 of the health services account appropriation for fiscal year 2003, and \$542,089,000 -})) {+ and \$530,585,000 +} of the general fund--federal appropriation are provided solely for supplemental payments to nursing homes operated by rural public hospital districts. The secretary is authorized to transfer funds from this section to the mental health program to the extent necessary to achieve the organizational improvements recommended in that report.

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

- (a) "BA" means a baccalaureate degree.
- (b) "MA" means a masters degree.
- (c) "PHD" means a doctorate degree.
- (d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.
- (e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

- (a) The employee has a masters degree; or
- (b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in

subsection (4)(a) of this section include three learning improvement days (({- originally added in the 1999-00 school year -})) {+ for the 2001-02 school year and two days for the 2002-03 school year +}. A school district is eligible for the learning improvement day funds for school years 2001-02 and 2002-03, only if (({- three -})) {+ the +} learning improvement days have been added to the 180-day contract year. If fewer (({- than three -})) days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation{+ , and shall not be considered part of basic education +}. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

For employees not included in the state-funded salary base, the annual salary cost-of-living increase may be provided by school districts from the federal funds appropriated in this act and local revenues, including the adjusted levy base as provided in RCW 84.52.053 and section 502 of this act, and state discretionary funds provided under this act.

(3) (({- \$80,635,000 -})) {+ \$51,688,000 +} is provided for adjustments to insurance benefit allocations. The maintenance rate for insurance benefit allocations is \$427.73 per month for the 2001-02 and 2002-03 school years. (2) A maximum of \$767,000 of this fiscal year 2002 appropriation and a maximum of (({- \$785,000 -})) {+ \$752,000 +} of the fiscal year 2003 appropriation may be expended for regional transportation coordinators and related activities. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

Sec. 506. 2001 2nd sp.s. c 7 s 507 (uncodified) is amended to read as follows:

TOTAL APPROPRIATION\$.((- 1,096,000,000 -)))
{+ 1,085,333,000 +}

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess

cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) Effective with the 2001-02 school year, the superintendent of public instruction shall change the S-275 personnel reporting system and all related accounting requirements to ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) Effective with the 2001-02 school year, the S-275 and accounting changes shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each (({- general fund--state -})) fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2001-02 and 2002-03 school years, the superintendent shall (({- distribute state funds -})) {+ make allocations +} to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time

equivalent basic education enrollment.

{+ (i) +} For the 2001-02 (({- and the 2002-03 -})) school year(({- s -})), each district's funded enrollment percent shall be the lesser of the district's actual enrollment percent (({- for the school year for which the allocation is being determined -})) or 12.7 percent (({- for the 2001-02 school year or 13.0 percent for the 2002-03 school year -})).

{+ (ii) For the 2002-03 school year, each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation. +}

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be (({- 12.7 percent for the 2001-02 school year and 13.0 percent for the 2002-03 school year -})) {+ calculated in accordance with subsection (6)(b) of this section +}, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) {+ Safety net funding shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) +} A maximum of (({- \$12,000,000 -})) {+ \$8,500,000 +} of the general fund--state appropriation {+ and a maximum of \$3,500,000 of the general fund--federal appropriation +} for fiscal year 2002 (({- and a maximum of \$10,623,000 of the general fund--state appropriation for fiscal year 2003 -})) are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. (({- Safety net funding shall be awarded by the state safety net oversight committee.

(a) -}))) {+ (b) +} The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the lesser of the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(({- (b) -}))) {+ (c) +} The committee shall then consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(({- (c) -}))) {+ (d) +} The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(({- (d) -}))) {+ (e) +} Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(({- (e) -}))) {+ (f) +} Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(({- (f) -}))) {+ (g) +} The superintendent may expend up to

\$120,000 (({- per year -})) of the amounts provided in this subsection {+ (8) +} to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

{+ (9) For fiscal year 2003 to the extent necessary, \$12,873,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (9), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

Sec. 913. RCW 48.02.190 and 1987 c 505 s 54 are each amended to read as follows:

(1) As used in this section:

(a) "Organization" means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state and every health care service contractor registered to do business in this state. "Class one" organizations shall consist of all insurers as defined in RCW 48.01.050. "Class two" organizations shall consist of all organizations registered under provisions of chapter 48.44 RCW.

(b) "Receipts" means (i) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (ii) prepayments to health care service contractors as set forth in RCW 48.44.010(3) less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

(2) The annual cost of operating the office of insurance commissioner shall be determined by legislative appropriation. A pro rata share of the cost shall be charged to all organizations. Each class of organization shall contribute sufficient in fees to the insurance commissioner's regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) Fees charged shall be calculated separately for each class of organization. The fee charged each organization shall be that portion of the cost of operating the insurance commissioner's office, for that class of organization, for the ensuing fiscal year that is represented by the organization's portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year: PROVIDED, That the fee shall not exceed one-eighth of one percent of receipts: PROVIDED FURTHER, That the minimum fee shall be one thousand dollars.

(4) The commissioner shall annually, on or before June 1, calculate and bill each organization for the amount of its fee. Fees shall be due and payable no later than June 15 of each year: PROVIDED, That if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such fees within the time specified, the commissioner may use the fee factors for the prior year as the basis for the fees and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. The penalties for failure to pay fees when due shall be the same as the

penalties for failure to pay taxes pursuant to RCW 48.14.060. The fees required by this section are in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner's regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner's regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner's regulatory account to the succeeding fiscal year and shall be used to reduce future fees. {+ During the 2001-2003 fiscal biennium, the legislature may transfer from the insurance commissioner's regulatory account to the state general fund such amounts as reflect excess fund balance in the account. +}

Sec. 914. RCW 50.16.010 and 1993 c 483 s 7 and 1993 c 226 s 10 are each reenacted and amended to read as follows:

There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable.

The unemployment compensation fund shall consist of

(1) all contributions and payments in lieu of contributions collected pursuant to the provisions of this title,

(2) any property or securities acquired through the use of moneys belonging to the fund,

(3) all earnings of such property or securities,

(4) any moneys received from the federal unemployment account in the unemployment trust fund in accordance with Title XII of the social security act, as amended,

(6) all money credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended,

(7) all money received from the federal government as reimbursement pursuant to section 204 of the federal-state extended compensation act of 1970 (84 Stat. 708-712; 26 U.S.C. Sec. 3304), and

(8) all moneys received for the fund from any other source.

All moneys in the unemployment compensation fund shall be commingled and undivided.

The administrative contingency fund shall consist of all interest on delinquent contributions collected pursuant to this title, all fines and penalties collected pursuant to the provisions of this title, all sums recovered on official bonds for losses sustained by the fund, and revenue received under RCW 50.24.014: PROVIDED, That all fees, fines, forfeitures and penalties collected or assessed by a district court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended.

Moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014, shall be expended upon the direction of the commissioner, with the approval of the governor, whenever it appears to him or her that such expenditure is necessary for:

(a) The proper administration of this title and no federal funds are available for the specific purpose to which such expenditure is to

be made, provided, the moneys are not substituted for appropriations from federal funds which, in the absence of such moneys, would be made available.

(b) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.

(c) The proper administration of this title for which compliance and audit issues have been identified that establish federal claims requiring the expenditure of state resources in resolution. Claims must be resolved in the following priority: First priority is to provide services to eligible participants within the state; second priority is to provide substitute services or program support; and last priority is the direct payment of funds to the federal government.

{+ (d) During the 2001-2003 fiscal biennium, the cost of worker retraining programs at community and technical colleges as appropriated by the legislature. +}

Money in the special account created under RCW 50.24.014 may only be expended, after appropriation, for the purposes specified in RCW 50.62.010, 50.62.020, 50.62.030, 50.04.070, 50.04.072, 50.16.010, 50.29.025, 50.24.014, 50.44.053, and 50.22.010.

Sec. 915. RCW 50.20.190 and 2001 c 146 s 7 are each amended to read as follows:

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual's applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal

tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the

amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of their monthly payments either partially or in full. The interest penalty shall be used to fund detection and recovery of overpayment and collection activities {+ and, during the 2001-2003 fiscal biennium, the cost of worker retraining programs at community and technical colleges as appropriated by the legislature +}.

The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures from the account. Only the executive head of the agency or institution of higher education, or designee, may authorize expenditures from the account. No agency or institution of higher education may make an expenditure from the account for an amount greater than the refund earned by the agency. If the agency or institution of higher education has staff dedicated to workers' compensation claims management, expenditures from the account must be used to pay for that staff, but additional expenditure from the account may be used for any program within an agency or institution of higher education that promotes or provides incentives for employee workplace safety and health and early, appropriate return-to-work for injured employees. {+ During the 2001-2003 fiscal biennium, the legislature may transfer from the industrial insurance premium refund account to the state general fund such amounts as reflect the reductions made by the 2002 supplemental appropriations act for administrative efficiencies and savings. +}

Passed the Senate March 14, 2002.

Passed the House March 13, 2002.

Approved by the Governor April 5, 2002, with the exception of
certain items that were vetoed.

Filed in Office of Secretary of State April 5, 2002.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval the following appropriation items and sections 103, lines 10-11; 113, line 23; subsections 125(31); 125(34); 137(2); 137(4); 204(1)(h); 204(1)(k); 204(5)(c); 205(1)(a); 205(1)(j); 206(11); 207(1)(e); 207(1)(f); 207(1)(g); 207(1)(h); 207(1)(i); 207(1)(j); 207(1)(k); 207(1)(l); 207(1)(m); 207(1)(n); 221(2)(i); 308(18); 501(2)(b)(iii); 604(10); 605(4); section 606, lines 31-38, page 204; lines 1-3, page 205; subsections 607(1); 607(2); 608(1); 608(11); 609(2); and section 725 of Engrossed Substitute Senate Bill No. 6387 entitled:

"AN ACT Relating to fiscal matters;"

Engrossed Substitute Senate Bill No. 6387 is the state supplemental operating budget for the 2001-2003 Biennium. I have vetoed several provisions as described below:

{+ Subsection 125(34), Page 29, Mobile Home Relocation Assistance (Department of Community, Trade, and Economic Development (CTED)) +}
This subsection designated \$202,000 from the nonappropriated Mobile Home Park Relocation Account for implementation of Second Substitute Senate Bill 5354, the Mobile Home Relocation Assistance Fee Act. Since the account is nonappropriated, CTED will still be able to spend the funds in a manner that will accomplish the intent of the policy bill.

{+ Subsection 204(1)(h), Page 63, Restrictions on Administration Costs for Regional Support Networks (RSNs) (Department of Social and Health Services (DSHS) - Mental Health Program) +}
The 8 percent administrative cap in this proviso may not be appropriate for all RSNs. In response to the Joint Legislative Audit and Review Committee recommendations, DSHS is currently conducting a review of existing RSN administration levels. That review is expected to be finished within a month. Until this review is complete, it is premature to set an administrative cap for each individual RSN. The budget contains other language and savings requirements that will impose sufficient restraints on RSN administrative spending without the necessity of this proviso.

{+ Subsection 204(1)(k), Page 63, Mental Health Ombudsman Proposal Development (Department of Social and Health Services (DSHS) - Mental Health Program) +}
This proviso would have required the Department of Community, Trade, and Economic Development and DSHS to develop a proposal to create a structurally and functionally independent mental health ombudsman program. This requirement increases the workload for both departments without providing additional funding during a time of increasing fiscal constraints.

{+ Subsection 204(5)(c), Pages 67-68, State Hospital Bed Allocation (Department of Social and Health Services (DSHS) - Mental Health Program) +}
Beginning this year, DSHS implemented a new state hospital bed allocation plan based on a more equitable distribution methodology than was previously used. The plan also addressed potential legal issues related to historical allocations. To minimize impacts, the new allocation formula has been phased in and Regional Support Networks signed their contracts based on the new bed formula. In light of this, it is inappropriate to substitute the allocation method mandated in Subsection 204(5)(c). I have vetoed this proviso in order to maintain the current approach.

{+ Subsection 205(1)(a), Page 68, Monthly Progress Reports (Department of Social and Health Services (DSHS) - Developmental Disabilities Program) +}
This requirement for additional monthly reports is excessive, and there are alternative means to effectively provide the information needed by the Legislature. I have directed DSHS to keep the Legislature fully informed of actions taken by the Division of Developmental Disabilities regarding the implementation of expanded services, the development and

implementation of new home and community-based waivers, and improvements in program and fiscal management. DSHS will coordinate with the Legislature to adjust the agency's existing reporting mechanisms to ensure that necessary information is communicated on an appropriate and timely schedule.

{+ Subsection 207(1)(e), Page 80, Drug and Alcohol Treatment Services (Department of Social and Health Services (DSHS) - Economic Services Program) +}

This proviso would have reduced funding for DSHS to contract with the Employment Security Department to maintain support for drug and alcohol treatment services designated to help parents receiving Temporary Assistance to Needy Families (TANF) benefits. Funding for employment services is central in assisting TANF recipients to find work and leave welfare. If families remain on TANF, the funding for alcohol and drug treatment, as well as other needed support services, will not be available.

{+ Subsection 207(1)(f), Page 80, Comprehensive Drug and Alcohol Treatment Project (Department of Social and Health Services (DSHS) - Economic Services Program) +}

This subsection would have provided an additional \$878,000 of the federal appropriation for the comprehensive alcohol and drug treatment project. I have vetoed this item, but will dedicate \$878,000 of existing General Fund-State appropriations to match federal Medicaid funds. This action will increase the funds available for these projects to \$1,756,000 and allow the evaluation of these projects to be completed.

{+ Subsection 207(1)(g), Page 80, Job Search and Job Placement Activities (Department of Social and Health Services (DSHS) - Economic Services Program) +}

This proviso would have limited the funds available for job search and job placement activities to \$5.8 million for the biennium. DSHS cannot comply with this proviso since it has already expended over \$19 million on these activities.

{+ Subsection 207(1)(h), Page 80, WorkFirst Post-Employment Labor Exchange Program (Department of Social and Health Services (DSHS) - Economic Services Program) +}

This proviso would have eliminated the WorkFirst Post-Employment Labor Exchange program. This program is the only post-employment service available to WorkFirst participants and needs to be retained. These services aid participants in job retention, lower the number of clients returning to TANF, and support wage progression. A thorough evaluation of the program will be completed this summer, and the program's effectiveness will be reviewed again at that time.

{+ Subsection 207(1)(i), Page 80, Indigent Civil Legal Services (Department of Social and Health Services (DSHS) - Economic Services Program) +}

I am pleased that the Legislature restored \$1.5 million (in the Department of Community, Trade, and Economic Development budget) of the \$2.4 million in legal services funding that was eliminated from the program in February. However, there are not sufficient funds in the WorkFirst budget to continue to provide these services, so I have vetoed the proviso appropriating \$900,000 in federal funds to DSHS.

{+ Subsection 207(1)(j), Page 80, Limit on Child Care Subsidy Co-payment (Department of Social and Health Services (DSHS) - Economic Services Program) +}

This proviso would have limited the increase in co-payments for childcare to no more than two dollars per month. However, an increase of five dollars in the current co-pay must be implemented to keep program expenditures within available funds. The proviso also restricts the agency's future flexibility by forcing the childcare program to reduce eligible clients rather than increasing co-pay rates.

{+ Subsection 207(1)(k), Page 80, Parenting Skills Funding (Department of Social and Health Services (DSHS) - Economic Services Program) +}

This proviso would have restored funding for parenting and family management skills development, enhanced childcare rates, and other programs provided at the community colleges. While these are valuable services, there are insufficient funds in the WorkFirst budget to restore these programs to the level required by the proviso. The community and technical colleges are currently reviewing the best way to serve clients being referred to them, and need flexibility in their expenditure plan.

{+ Subsection 207(1)(l), Page 80, After-school Programs for Middle School Youth (Department of Social and Health Services (DSHS) - Economic Services Program) +}

The Legislature restored \$300,000 for after-school programs for middle school youth by assuming use of federal funding. Although this is an innovative program that benefits middle school students by providing out-of-school care, it is not core to the goals of WorkFirst and cannot be achieved without displacing other programs.

{+ Subsection 207(1)(m), Page 80, Consultation and Training for Child Care Providers Caring for Children with Special Needs (Department of Social and Health Services (DSHS) - Economic Services Program) +}

By this proviso, the Legislature would have restored \$3.4 million to the Department of Health for services by local public health nurses to provide consultation and training to child care providers caring for children with special needs. This is a worthy program, but there are insufficient funds in the WorkFirst budget to continue to provide these services, so I have vetoed this item.

{+ Subsection 207(1)(n), Page 80, Hometown and College Mentoring Services and Programs for Low-Income Youth (Department of Social and Health Services (DSHS) - Economic Services Program) +}

This proviso would have dedicated \$1 million of WorkFirst federal funds to the Hometown and College Mentoring Services and Programs (Community in Schools Program). Funding for this program has already been provided, thus there is no need for this proviso.

{+ Subsection 308(18), Page 135, Cost Recovery for Conservation Areas and Recreational Sites in the San Juan Islands (Department of Natural Resources (DNR)) +}

This proviso would have directed DNR to employ cost recovery methods at its Natural Resource Conservation Areas and recreation sites in the San Juan Islands comparable to those used by State Parks. This approach could result in the imposition of fees for use of the DNR sites. A task force is created elsewhere in the budget (Subsection 303(6)) to

give all users and agencies an opportunity to discuss funding options for the state's outdoor recreation facilities. Implementing a fee solely for the San Juan Islands Natural Resource Conservation Areas and recreation sites before the task force has begun is premature. Given the current state budget outlook, I encourage all interested parties to provide suggestions to the task force for funding the ongoing maintenance and operations of outdoor recreational facilities.

{+ Multiple Sections +}

In order to maintain a more responsible reserve and because additional revenues were assumed but not enacted, I have eliminated a number of General Fund-State supplemental items. While many of these additions are worthwhile, I have vetoed the following items to save the state General Fund-State \$37.008 million.

- Section 103, lines 10-11, page 3, Second Year Funding Increase (Joint Legislative Audit and Review Committee)
- Section 113, line 23, page 11, Dependency and Termination Pilot (Office of Public Defense)
- Subsection 125(31), page 28, Artistic Organization Support (Department of Community, Trade, and Economic Development)
- Subsection 137(2), pages 38-39, Tax Incentives Study (Department of Revenue)
- Subsection 137(4), page 39, Municipal Business and Occupation Tax Uniformity (Department of Revenue)
- Subsection 205(1)(j), pages 71-72, Home Care Worker Wage Increase (Department of Social and Health Services - Developmental Disabilities Program)
- Subsection 206(11), pages 76-77, Home Care Worker Wage Increase (Department of Social and Health Services - Long-Term Care). I am asking DSHS to put \$2,927,000 of General Fund-State in allotment reserve status to reflect this veto.
- Subsection 221(2)(i), page 104, Motor Vehicle Theft (Department of Corrections)
- Subsection 501(2)(b)(iii), pages 147-148, Technology Task Force (Office of the Superintendent of Public Instruction Statewide Programs)
- Subsection 604(10), page 203, Recruitment and Retention (University of Washington)
- Subsection 605(4), page 204, Recruitment and Retention (Washington State University)
- Section 606, lines 31-38, page 204; lines 1-3, page 205, Recruitment and Retention (Eastern Washington University)
- Subsection 607(1), page 205, Enrollment Recovery (Central Washington University)

- Subsection 607(2), page 205, Recruitment and Retention (Central Washington University)
- Subsection 608(1), page 206, Recruitment and Retention (The Evergreen State College)
- Subsection 608(11), pages 208-209, Washington State Institute for Public Policy Studies (The Evergreen State College)
- Subsection 609(2), pages 209-210, Recruitment and Retention (Western Washington University)
- Section 725, page 244, Tort Liability Account

I also have concerns about two provisos of this bill that I did not veto:

Subsection 204(1)(j) requires that DSHS reduce funding to the Regional Support Networks based on an excess of specified reserves. Recognizing legislative interests, I am directing DSHS to work with the Regional Support Networks to develop an implementation plan that identifies and best addresses any unintended consequences, were the reserves to be liquidated as planned. The implementation plan will ensure that the total reserve spend-down will result in the necessary general fund savings as required by the appropriations bill.

Subsection 205(1)(b) is an essential component of the settlement in the {+ Arc v. State of Washington +} case. Although there have been concerns expressed to me regarding the program implications, vetoing this proviso would eliminate the funding needed to phase in service expansions agreed upon in the settlement and would risk continued litigation. The funding assumptions in this subsection, though complicated, will expand services. This subsection also requires a redesign of some elements of the family support, and employment and day programs. Given the complexity of these changes, I am requiring DSHS to work with clients, client advocates, and service providers to develop a plan that best implements these changes and program expansions.

For these reasons, I have vetoed sections 103, lines 10-11; 113, line 23; subsections 125(31); 125(34); 137(2); 137(4); 204(1)(h); 204(1)(k); 204(5)(c); 205(1)(a); 205(1)(j); 206(11); 207(1)(e); 207(1)(f); 207(1)(g); 207(1)(h); 207(1)(i); 207(1)(j); 207(1)(k); 207(1)(l); 207(1)(m); 207(1)(n); 221(2)(i); 308(18); 501(2)(b)(iii); 604(10); 605(4); section 606, lines 31-38, page 204; lines 1-3, page 205; subsections 607(1); 607(2); 608(1); 608(11); 609(2); and section 725; of Engrossed Substitute Senate Bill No. 6387.

With the exception of sections 103, lines 10-11; 113, line 23; subsections 125(31); 125(34); 137(2); 137(4); 204(1)(h); 204(1)(k); 204(5)(c); 205(1)(a); 205(1)(j); 206(11); 207(1)(e); 207(1)(f); 207(1)(g); 207(1)(h); 207(1)(i); 207(1)(j); 207(1)(k); 207(1)(l); 207(1)(m); 207(1)(n); 221(2)(i); 308(18); 501(2)(b)(iii); 604(10); 605(4); section 606, lines 31-38, page 204; lines 1-3, page 205; subsections 607(1); 607(2); 608(1); 608(11); 609(2); and section 725,

Engrossed Substitute Senate Bill No. 6387 is approved."
